POPULATION HEALTH MANAGEMENT

SYMPOSIUM

THE ART OF THE POSSIBLE!

**Want to radically transform health and care services?
Start by understanding your population.**

THURSDAY 9th JANUARY 2020

9.00am - 4.00pm

JOHN FRETWELL CENTRE MANSFIELD

Guest Speakers:

Sir Muir Gray CBE, FRCPSGlas, FCLIP –

The importance of PHM

Prof Mohammed Mohammed –

Identifying and understanding true variation

Dr Andi Orlowski – ICHP

Interventions, Interventions, Interventions

Dr Chris Packham –

Prevention is better than cure

Dr Mike O’Neil –

Ahead of the PHM curve, GPRCC and our local advances

Join us to understand PHM within your system and to discuss the key enablers and challenges to embracing population health management, including the role of intelligence in facilitating transformation.

Places are limited. To book a space and advise on dietary requirements, please contact: sandra.pooley@nhs.net
