

## COMMUNITY TRANSFORMATION PROGRAMME DAY 100 UPDATE – ASHFIELD LOCAL DESIGN TEAM ISSUE DATE: 21<sup>st</sup> December 2022

### Key Feedback from Ashfield Local Design Team (LDT) 100-day cycle

- The Mid Notts Launch event was held on 28<sup>th</sup> April, this event marked the launch of the 100-day cycle for all three of the Mid Notts projects (Ashfield, Mansfield and Newark) and partners from across the community were invited to be members of the Local Design Teams. Members included representatives from Health, Social Care, Voluntary sector, District Councils and communities.
- Ashfield LDT's first 100-day Design Cycle commenced on the 16th June 2022 and ran to the 23rd September 2022.
- “Generative Listening” Training was offered to all LDT members.
- Volunteers and notetakers visited the community assets to have guided conversations.
- 3 Areas of Focus were identified from the Community Conversations:  
Information sharing & community engagement – Explore communication methods, potential for Notts Trent University projects, Digital platforms, Digital inclusion, other communication options.  
Understanding people’s history and background –Communication across partners / organisation e.g. Green Cross system, ID wristbands to demonstrate medical status, survey, Share Newark LDT Community Support Record.  
Youth clubs and youth activities – Community asset mapping, Ashfield District Council, Holiday Activity Fund, Family Hubs, Intergenerational activities, Notts County Council funding, Community Safety Team, Everyone Active, connecting with younger people via social media.
- The aim of mapping the community assets available for our local people was to:  
Connect people to their community  
Increase engagement in activities / groups / clubs / courses etc.  
Increase engagement in wider social interaction  
Encourage wider community participation
- Lions Club provided pots (known as ‘message in a bottle’ MIAB) to keep personal Information /prescriptions in the fridge to alert emergency services if in attendance. These were distributed by AVA and AGE UK.

If you have any questions or would like to be involved, please contact [nnicb-nn.midnotts.psos@nhs.net](mailto:nnicb-nn.midnotts.psos@nhs.net)

### Key successes

- Collaborating non-competitively, committed to making practical changes
- Establishing relationships of trust within the Local Design Team and with the immediate and wider communities
- Information sharing and collaborative learning
- Start of a meaningful plan of small changes that will make a big difference

### Next step

- Share best practice across LDTs – for example, via Improvement Lead forum
- Listen better to our community and ensure their voice really helps to design and shape local services
- You said/we did – further focus on communication with communities and wider system partners
- Capturing the benefits for people in the community, system partners, organisations
- Identification of measures and metrics (qualitative & quantitative)
