

East Midlands NIHR Health & Care Professional Internship

2026-2027 Cohort

EM.HCI is open to health and care professionals at various career stages (excluding doctors and dentists) who work in East Midlands NHS healthcare, social care and public health settings. EM.HCI includes mentorship, a bespoke development plan with individually tailored programmes of research opportunities, projects and workshops. Includes salary backfill of £10,000 during a 6–12-month programme.

 **RESEARCH to your skill set**

*As of June 2026, we have received further funding from the NIHR to provide additional ringfenced EM-Internship places in 2026/27 and 2027/28 for **Pharmacists and Radiographers**. As a result, the closing date for the applications **for these groups only** is extended to 31st July 2026.*

- Find out ways to include research in everyday practice and foster active research cultures.
- Expand your skills and knowledge in research delivery leadership.
- Learn about clinical academic careers.
