Bassetlaw Place Partnership

THE F WORD EVENT AT WORKSOP

A special event to discuss childhood obesity took place at The Bridge Skills Hub in Worksop recently.

The event saw partners from across Bassetlaw come together to consider how we might tackle childhood obesity and support parents, young people and families better.

Chaired by Bassetlaw CCG Chairman Dr Eric Kelly and with BBC reporter Kevin Fitzpatrick acting as independent facilitator, panellists from ABL Health, Nottinghamshire County Council, Get Out Get Active Bassetlaw and Bassetlaw Community and Voluntary Service (BCVS), took questions from the audience.

The group talked about the wide range of initiatives and support services already available in Bassetlaw. The meeting agreed partners should develop a Childhood Obesity Strategy for Bassetlaw and that the development of this would be overseen by the Bassetlaw Place Partnership (www.betterinbassetlaw.co.uk)

Engagement event at Worksop Market

Representatives from groups across Bassetlaw had a fantastic day at Worksop Market handing out health advice, encouraging people to Move More In May, and offering free blood pressure checks.

Bassetlaw Action Centre, Talkzone, LGBT+ Service, Retford and Villages PCN, You Before Two, Your Health Your Way and Bassetlaw CCG were on Bridge Street with the Health Bus.

It was wonderful to be able to engage with people and to shout about some of the great initiatives happening here in Bassetlaw!

Bassetlaw CCG: A reflection on the last decade !

On July 1, we say goodbye to Bassetlaw CCG and hello to Nottingham and Nottinghamshire ICB!

We are holding an event with staff and partners on June 21, to mark all that has been achieved over the last decade since the CCG was formed.

Celebrating International Nurses Day in Bassetlaw

On International Nurses Day, we celebrated the fantastic nursing team we have working across a variety of settings in Bassetlaw.

We shared Deena's inspirational nursing story here: <http://www.betterinbassetlaw.co.uk/international-nurses-day>

We also enjoyed a piece (or two) of cake as the CCG nursing team tested their baking skills against each other.

How did you Move More In May?

We are asking all partners to share their Move More In May data with us.

If you moved more or encouraged other people to move more than they normally do, then we want to hear how you did it.

Please send in your information and photos by June 21st to mfox3@nhs.net

Help improve Long COVID services

An important and exciting opportunity is being advertised for you to contribute your long COVID lived experience to help improve Long COVID services.

NHS England's Long COVID Programme sets the national policy and commissioning standards for post COVID services.

Hazel Nyamajiyah, Senior Policy Manager at NHS England and NHS Improvement said: "Working with people with lived experience is vital to ensuring our work considers the needs of all those affected by long COVID."

About you:

- ✓ recent (last 12 months) lived experience of long COVID
- ✓ be able to work together with colleagues and offer objective challenge
- ✓ display sound judgement
- ✓ have an awareness of, and commitment to, equality, diversity and inclusion.

Apply now:

www.england.nhs.uk/get-involved/ or <https://bit.ly/3LJVwZ7> or email

england.clinicalpolicy@nhs.net

quote ref 'Long COVID LEApp' or phone Victoria Uchegbu on 07730 381 461. Two days per month, involvement fee £150 per day. Closing date June 13, 2022.

Targeted lung health checks coming to Bassetlaw this summer

Bassetlaw Place partners are being asked to help spread the word about a lung health check service coming to the district this summer.

Almost 17,000 citizens will be invited to come forward for the checks which will take place at sites across Bassetlaw.

We will keep you updated on this important initiative to help us in the early detection of cancer and other lung diseases.
