Help and support with the cost of living crisis

The Partnership's united approach to providing information and support to people struggling with the cost of living crisis, is gathering momentum. BCVS and Bassetlaw Council have worked together to produce a booklet signposting people in need of help and support. From mental health support to food banks, there is a raft of information about the services available across Bassetlaw.

The booklet is available on partner websites and on the new Bassetlaw Place website www.bassetlawplace.co.uk. Look out also for an online survey which will help us gather data and information around the cost of living crisis in Bassetlaw.

The death of HM Queen Elizabeth II

Bassetlaw Place Based Partnership was profoundly saddened by the death of HM Queen Elizabeth II.

The Queen was a shining example of public service to the nation.

She visited Worksop twice during her reign - in 1968 when she visited Worksop College, and again in 1981, to open the Queen's Buildings on Potter Street.

STOP TOBER

This month is Stoptober, a national annual campaign to encourage smokers to quit. Partners are encouraged to share Stoptober messaging and help Bassetlaw become smoke free.

Fantastic news for Bassetlaw!

North Nottinghamshire is set to become a global hub for a wide range of engineering, technological and scientific expertise, following the announcement that the United Kingdom Atomic Energy Agency has chosen West Burton as the future home of its STEP project.

The decision will see game-changing investment for the area with the STEP, or Spherical Tokamak for Energy Production, programme seeking to pave the way for the development of commercial power plants capable of producing a limitless supply of low carbon, clean energy. It will also showcase how a future fusion power station will be operated and maintained.

STEP offers the potential to transform and regenerate the area, creating thousands of jobs and supply chain opportunities across a number of sectors, in an area already intimately linked with energy production.

James Naish, Leader of Bassetlaw District Council, said: "West Burton A was one of the biggest power stations in the country when it was

opened in the early 1960s and has delivered power across the nation for decades - and with this announcement, we know that the Trent Valley will play a vital role in the UK's transition to a greener, carbon neutral future.

"It has been a huge team effort to land this multi-billion-pound investment for the District involving the County Council, the District Council, EDF Energy, MPs, Councillors and more, including the resident-led West Burton Residents' Planning Group.

"I congratulate them all on the successful bid and look forward to working with all parties to maximise the skills, jobs and inward investment that will result from this significant project coming to Bassetlaw."

Award for Riverside Health Partnership

In recent weeks, Riverside Health Partnership has been awarded the Silver award on the Employer Recognition Scheme as a veterans' friendly practice. The award demonstrates the Partnership's commitment and support to our local veterans.

New Bassetlaw Place Facebook page

Bassetlaw Place Based Partnership has a new Facebook page. You can follow us at www.facebook.com/BassetlawPBP Please share the new details far and wide!

Targeted Lung Health Checks

Bassetlaw's Targeted Lung Health Check programme will soon be moving from Worksop to Retford.

Look out for more details to share soon.

Bassetlaw Suicide Prevention Alliance

Between September 10th (World Suicide Prevention Day), to World Mental Health Day on October 10, partners have been sharing messages, signposting to services and telling people 'it's ok not to be ok'. As part of the action plan which is currently being developed, organisations have been asked to consider introducing mandatory suicide awareness training, expand their mental health support, and look at new

initiatives to better educate children about mental health.

Please, if you haven't already, put a pledge on the Bassetlaw Suicide Alliance Pledge Wall to say what you will do to work towards achieving zero suicides in the district.

You can access the pledge at:

https://padlet.com/BASSETLAW_SUICIDE_PREVENTION_ALLIANCE/2qcffi0evgy8cvtf

New ICS Assembly

There is a fantastic opportunity for partners to get involved in shaping the future of health and care across Nottinghamshire, when the new ICS Assembly meets for the first time. The meeting takes place on October 25 from 2pm til 5pm, at Mansfield Civic Centre, and as well as the chance to hear from keynote speakers and network, there will be the chance to input into the new Integrated Care Strategy. The Strategy will detail the future of our health care services for the coming years.

There will also be a limited number of market place stalls available at the event. If you are interested in securing one of these, please email: nnicb-nn.engagement@nhs.net

To sign up to the event go to: <https://eventbrite.com/e/nottingham-and-nottinghamshire-ics-partners-assembly-tickets-418909799487> and if you need support with travel costs to attend the event please email nnicb-nn.ics@nhs.net.

Retford Oaks foundation alliance with DBTH

On 12 October, Doncaster and Bassetlaw Teaching Hospitals will launch their formal partnership with Retford Oaks Academy - soon to be the newest Foundation School in Health (FSiH) and only the second in the UK.

The partnership intends to develop opportunities and widen participation for pupils from the Bassetlaw area wishing to pursue a career in the health and care service. It will see an increased involvement from the health and care workforce at the academy, work experience and internship opportunities for students, as well as the appointment of DBTH Career Champions with the Trust to support the range of proposed activities.

A look ahead...

There's lots happening in Bassetlaw over the next few weeks.

If you've an event you want to share with partners in this newsletter, please email: basccg.communicationoffice@nhs.net

- Stoptober
- Menopause Awareness Month
- Black History Month
- International Walk to School Month
- Go Sober for October.

Autumn Covid Booster Campaign

Well done to Newgate Medical Group who have got off to a flying start in the Autumn Covid Booster campaign! Up to September 25, they had vaccinated just under 30 per cent of their eligible patients - by far the most in Nottinghamshire!

Please continue to share Covid messaging - vaccinations continue to be the best line of defence!
