PCN Lead Nurse, South Notts Newsletter (Autumn 2022)

My name is Kirsten Taylor and I work as the PCN Lead Nurse for South Nottinghamshire. I've been in post since January 2022 and have worked as a practice nurse for 19 years in Nottingham City. I spent 12 years leading a practice nursing team, but I now work 2 days in practice and 2 days in this **new** PCN Lead Nurse role. **I'm here to support you and represent you so please get in touch if you need anything.**

Email: Kirsten.taylor6@nhs.net Phone: 07385 952670

My working days are Wednesday and Thursday.

Nurse forums - get involved!

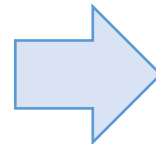

There are now nurse forums running in Rushcliffe (lead nurses), Nottingham West, and together Arrow, Byron, Arnold and Calverton and Synergy PCN's (known as the ABACS forum). Each of these meet every six to eight weeks to discuss challenges, share information and network. They are really helpful places to ask questions and meet other practice nurses. If you are not attending let me know and I can link you in.

ALLIANCE TRAINING HUB

Are you signed up to the NATH newsletter?

Use the QR code to read the latest issue and to subscribe!
Lots of development and training opportunities advertised.

GPN survey - what did you say?

The Nottingham and Nottinghamshire GPN survey conducted by NATH earlier this year revealed that 70% of practice nurses would like to be more involved in their PCN.

- Would you like opportunities to get involved in projects, leadership, or quality improvement?
- How can I help you to get more involved?

Email: Kirsten.taylor6@nhs.net to let me know your interests and availability.

Are you a member of the Notts Practice Nurse Facebook group?

Join a community of practice nurses from across Notts. Get to know each other, share ideas, best practice, discuss challenges and opportunities. **Scan the code to join...**
