Dear Hayley

Re: Thank you

Thank you very much to you and your colleagues for hosting our visit to the Bellamy Estate on Monday 8 August.

We found the visit to be incredibly interesting and impressive. We were particularly inspired to see how you are working in partnership with Friends of Bellamy and others to find creative ways to improve people's lives.

Our visit brought to life some of the everyday support that you are collectively able to provide when residents are vulnerable and need help. We are keen to support the partnership to build on this way of working and to demonstrate the impact that you are all having.

Thank you once again.

With best wishes

Kathy and Amanda
