 To tackle physical inactivity.

EXECUTIVE SUMMARY (OVERVIEW):

The first Focus Item on the Partnership Forum agenda is to ensure Forum colleagues have an overview of the Integration White Paper and to enable a MN PBP collective response to the consultation on the White Paper.

NHS Confed have produced a helpful summary of the White Paper which is provided in support of this agenda item.

The ICS has also established a system wide approach to responding to the 18 questions posed in the White Paper and will provide a framework for the Forum discussions.

The questions are split into the following sections

- Outcomes – 5 questions
- Financial – 4 questions
- Accountability – 2 questions
- Workforce – 5 questions
- Digital and Data – 2 questions

The aim of the session is to ensure Forum colleagues are aware of the key elements of the White Paper that will support our ongoing PBP development and to generate a collective response for inclusion in the System response to the consultation on the White Paper.

In readiness for the discussion members of the Partnership Forum are asked where possible to familiarise themselves with the White Paper attached for reference and to review the questions included in the enclosures to support and facilitate the discussions.

RECOMMENDATION:

- To endorse.
 To approve.
 To receive the recommendation (*see details below*)
