- To maximise opportunities to develop our built environment into healthy places.
- To tackle physical inactivity.

### EXECUTIVE SUMMARY (OVERVIEW):

As our Place Based Partnership starts to develop its new role in the Integrated Care System and following the publication of the Integration White Paper, we have reviewed the governance structure and the role of the various meetings within that structure.

Following several discussions and breakout rooms within previous meetings it was agreed that what was formally the MN Place Based Partnership Board would become the MN PBP Partnership Forum.

The aim of the group will be to provide oversight and scrutiny of our place-based activities and in exploring through a wider community voice the opportunities and value we can deliver as a successful partnership.

The terms of reference have been amended to reflect those changes. Members of the Partnership Forum are asked to review the proposed terms of reference and confirm they endorse the content to enable the terms of reference to be approved by the forum.

### RECOMMENDATION:
