Leadership Way

Introducing the Senior Leadership L7 Award Qualification

A new online executive leadership programme has been launched for Nottingham and Nottinghamshire ICS. Designed to suit the busy professional with a blend of self-directed learning and live online sessions over one year. Accredited by the Chartered Management Institute and **Imperial College Business School**. The programme is fully funded by the apprenticeship levy and offers one-on-one coaching, group seminars, and masterclasses to develop leadership skills, support senior leaders or transition to an executive role.

"We're delighted to offer this exciting ICS first! A professional development opportunity adapted for our whole system. Initially presented by individual providers, we realised that a joined-up approach could achieve much more. Our own community of learning to suit our Nottingham and Nottinghamshire ICS Leadership Way."

Sarah Phillips,
